| Description | <p>Omega P.G.College was organized by the Department of Training and Placement “Grooming and Personality development” by Mr.Madhu on 27-12-2018 at seminar hall. The session started at 10:30 AM by the speaker discussed on the grooming and personality development is ever more important in today’s connection economy, because it is the outcome.</p> <p>Grooming plays a major role in maintaining a high self-esteem and self-confidence. It does this by influencing your appearance, which in turn affects the way you regard yourself. When your hair looks neat and beautiful, and your gel manicure is still intact, you can observe how your confidence will rise.</p> <p>The session is benefited for the students. Session about personality development, group discussion. He explained students which path is helpful for them also he helped them to explain how they improve their personality, mental ability.</p> <p>He explained about the notion that everyone has the potential to be creative doesn’t effectively increase competition and make it harder to be recognized as a professional creative industries practitioner. Even though everyone is in some way creative or imaginative does not mean that they will be successful. This is because of three main reasons. Some people have greater ability at being creative and imaginative than others. Some people don’t have the time or resources necessary to reach their creative potential. And others simply think that creativity is not something that they can make aliving from and therefore don’t embrace or develop their imagination.</p> | |
