(Approved by A.I.C.T.E. & Affiliated to Osmania University)

Sy. No.7, Edulabad (V), Ghatkesar (M), Medchal Dist-501 301.

e-mail : omegapg.mba@omegacolleges.com Ph: 9246805933/ 9912988863

## GREEN CAMPUS INITIATIVES

### **Restricted Entry of Automobiles:**

The university has instituted a limited access policy for cars in an effort to lower air pollution and the carbon imprint on campus. This calculated motion improves the quality of the air while also creating a calmer, safer environment that is ideal for strolling and mingling with others.

## Use of Bicycles/Battery-powered Vehicles:

One of the main focuses of our ecological programmes is to promote other forms of transportation. Bicycles and battery-powered cars are encouraged on campus as handy and environmentally responsible substitutes for conventional fuel-dependent modes of mobility. This lowers emissions while also encouraging staff, instructors, and students to lead better lifestyles.

## Pedestrian-Friendly Pathways:

A conscious effort is being made to encourage walking as the primary form of transportation on campus with the construction of pedestrian-friendly walkways. Well-planned pathways encourage face-to-face contacts amongst campus community members, which not only encourages physical exercise but also strengthens the feeling of community.

## Ban on Use of Plastic:

The usage of plastic has been completely outlawed at our university in accordance with international initiatives to reduce plastic pollution. This includes single-use plastic products like bottles, cutlery, and bags. The programme demonstrates our dedication to responsible resource management while attempting to lessen the negative effects of plastic waste on the environment.

## Landscaping:

Landscaping is essential for improving the visual attractiveness of the campus and supporting ecological equilibrium. The college emphasises sustainable landscaping methods by using native plants that need less water and upkeep. This practice not only saves resources but also creates green areas that enhance feelings of peace and harmony with the natural world.
