3. Signage including tactile path lights, display boards and signposts

Signage, including tactile path lights, display boards, and signposts, aids navigation for individuals with visual impairments. These features provide clear and accessible information, guiding individuals throughout the campus safely and independently, enhancing accessibility and inclusivity for all members of the community.

4. Assistive technology and facilities for persons with disabilities: accessible website, screen-reading software, mechanized equipment, etc

Assistive technology and facilities, such as accessible websites, screen-reading software, and mechanized equipment, support persons with disabilities in their academic endeavors. These resources facilitate equal participation and access to information, ensuring that individuals with disabilities can fully engage in educational activities and opportunities.

5.Provision for enquiry and information: Human assistance, reader, scribe, soft copies of reading materials, screen reading, etc.

Provision for enquiry and information includes human assistance, readers, scribes, and soft copies of reading materials. Services such as screen reading further enhance accessibility, ensuring that individuals with disabilities have equitable access to information and support, promoting inclusivity and equal opportunities within the institution.
